To whom it may concern:

Shirley Lang and I have been associated for more than five years now. During this time she has demonstrated an intense positive energy level, often motivating others to accomplish things they thought themselves incapable of. She is a great organizer, very personable and outgoing, and well liked in the music industry. I believe that she would excell in public relations or press and publicity work.

Shirley has brought with her, to the numerous benefit and cultural projects she has worked on, the same level of integrity with which she conducts business. Her motivation and treatment of others in keeping with the traditional spiritual values of her people.

I wish her the best of luck in future endeavors and invite the reader to call should he or she wish to discuss her qualifications in greater detail.

Sincerely,

To Whom It May Concern:

By way of introduction, I am the Director of both True North Records as well as The Finkelstein Management Company Limited. Some of the recording artists we represent include Bruce Cockburn, Barney Bentall, Stephen Fearing and Gregory Hoskins.

I have known Shirley Lang for approximately 8 years in both a professional as well as personal capacity. During this time I have seen her grow and develop through several transitions in her career, all of them handled by Shirley with grace, clear forethought for both herself as well as others and an on-going professionalism I've always held great admiration for.

Without exception, Shirley in business dealings with her clients, companies, benefit concerts and promotional events has always been forthright, organized, effective and trustworthy. She is well known and regarded in the entertainment field not only as an award winning hair stylist but also as an image consultant. In addition to this, Shirley has developed a reputation for being devoted to the Native Community; specifically effective in the areas of development and promotion of new business opportunities for Natives.

Native or not, I personally would feel very assured and well represented if Shirley Lang was looking after my business affairs. She carries with her a rare and exceptional quality - that being 'a feel' for the right thing at the right time, whether it's the spoken word or the next best move to make. It's a hard thing to come by and one that's highly coveted - especially by people working in the entertainment field.

I count myself absolutely fortunate to know Shirley and would be happy to discuss with any firm a position that Shirley feels she is interested in pursuing. I would also count the firm absolutely fortunate to have Shirley Lang interested in working with them. If you have any questions or would like to contact me, please don't hesitate to call.

Sincerely,

TO WHOM IT MAY CONCERN

July 8, 1993.

This letter will confirm that I have known Shirley Lang for the past six years in both a personal and professional capacity.

Shirley has shown both insight and integrity in her professional undertakings over the years. Her sense of style and innovation when promoting her image studio could not be compared. She applied equal enthusiasm and originality to her modeling agency and artist management among other ventures.

I could not think of a better person to work with on the public relations level, from the mundane to the miraculous, Shirley will achieve whatever is desired of her.

I know that the Native Heritage Programme is very dear to Shirley's heart and that she will devote herself to it 101% - even if it means not cutting my hair!!

Dear Shirley:

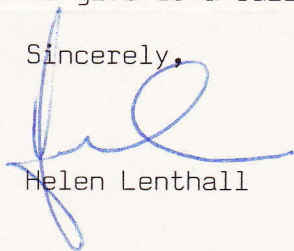

I would just like to drop you and your staff a brief note of thanks for a wonderful job but also the great time we had working with you on the MICHAEL B AND THE POWER image change.

I know that the guys in the band can't stop singing your praises for making them feel right at home, both Saturday and Sunday. The whole effort has paid off with a very successful photoshoot at Denise Grants studio. I shall send you a shot in the very near future.

Shirley personally I would like to say my appreciation goes very deep in taking this on, on such short notice like you did. It was your end that really made a difference in the whole deal. Thanks kiddo.

I shall keep you posted okay and will keep in touch. Please feel free to give us a call at the offices....(613) 749-4392 or above.

Sincerely,

Helen Lenthall
