166 CHATELAINE/OCTOBER 1985

Here are two ways to enjoy the Fair Isle look! The beige sweater set (K137) features a cardigan with a patterned front and a pull-on vest with accenting Fair Isle stripe. The gray set (K138) reverses the look: the pretty pattern is on the vest front, and there is an accenting band on the long-sleeve pull-on. Designed exclusively for Chatelaine Crafts by Cathie Hendra in Schaffhauser Yarns' Viola.

TOTEM POLE JACKET

The folkloric designs on West Coast sweaters have long been Canadian favorites. This his-and-hers jacket features an eagle motif (large motif on the back) and is knitted in bulky wool to keep you warm all season long. Design is exclusive to Chatelaine Crafts from David Grains Enterprises. Karen Anderson, Crafts Editor
